Altri su richiesta other on request

Case: shockproof ABS, standard colours black or white, other colours on request. Fixing system: moulded-in elastic tabs, metallic bracket on request (TR 58.25.52 PS).

Glass cover retaining ring: ABS, standard colours black or white, other colours on request. This model is also suitable for use without the glass cover retaining ring. Glass cover: shatterproof metacrylate ester.

Capillaries: bare or coated copper (black PVC on instruments for heating applications, white polypropylene for refrigeration); standard lengths 0,5 - 1 - 1,5 metres, other lengths on request.

Bulb: brass; look at the table for available types, other on request.

Movement: phosphor bronze tube spiral, on request the instrument can be supplied with a bimetallic compensation mechanism.

Dial: printed turning drum type. Custom designed dials can be supplied.

Scales: 0/120 °C for heating; -40/+40°C for refrigeration; other scales on request. The particular depth of this model allows easier reading of the scale. Accuracy: ± 3% of highest value.
